Some subjects of a Faculty of Critical Thinking:

- solving the "after the 4th Industrial Revolution" dilemma
- miracles; my power station; systems thinking; making the impossible possible; realising impossible dreams; portions and portals; common law; deep meaning of words
- no syllabus or sillubos : silly bus
- no agenda; no expectations; a surgery; working with energies (words) that arise in class; each course is created by the students during the course
- Shma Enlightenment
- "Jacob was redeemed from the hand of one stronger than himself. Blessed is Israel"
- Studying Sacred Texts sources including Kabbalah, Alchemy, Tao Te Ching, Dharma, Torah (Tanach), Christian Bible, Qur'an
- "exams" are by peer review

I'm using the word king, not for aggrandisement or arrogance, but because for me king denotes leadership, someone you can come to who can help you find answers, someone who is thinking 100 years ahead, not just about tomorrow.

More about me, in music: Army of One, Bon Jovi; Scatman's World, Scatman John; Real Emotion, Celine Dion; I Am The Man, Freshlyground; Made in Heaven, Queen; I Was Born To Love You, Queen; A Winter's Tale, Queen; I Believe I Can Fly, R Kelly; Fairground, Simply Red; Born Free, Lina
